

Volunteers Wanted!

Neighborhood & Local Natural Area Clean Up for Earth Day 2021

Help beautify your local creek!

Creek cleanups start at your doors! Trash travels from our neighborhoods through storm drains and into local creeks and the Bay.

THURSDAY, APRIL 22ND & ALL MONTH LONG!

GRAB YOUR POD AND REGISTER AT

<https://accleanwaterprogramearthdaylittercleanup.eventbrite.com>

This year will be a virtual clean up in your neighborhood and local natural areas. Check the registration site above for all the details.

Cleaning supplies for this year's Earth Day Litter Clean Up can be found around the home or at local hardware stores. For trash disposal, 5-gallon buckets or grocery bags work well. Kitchen tongs can be repurposed as grabbers to pick up trash (for trash collection only), and are great for kids. Large trash grabbers can be purchased at hardware stores or online.

Make sure to wear gloves, dress for the weather, and not go out if you are feeling ill.
